IndiZen 2016, 16 – 17 February 2016 in Pune, India

IndiZen has become one of India’s most important annual gatherings of professionals and experts in the Operational Excellence/Lean/Kaizen domain. The objective of this event is to give you an opportunity to Learn, Share, Celebrate and Network with like-minded people.

The event will bring you inspiring opening and closing keynote speakers, and face to face Q&A’s with India’s leading Operational Excellence (OE)/Lean experts.

Also offered at this two day event are:

**Knowledge sessions**
Training programs will be run by world class trainers

**Excellence Inside Tours**
Visit world class facilities/factories as “Seeing is Believing!”

**National OE Case Study Competition**
Present a case study on your Lean journey or be part of the competition by being an audience and hear what others do and how they have done it.

This national convention will give you everything you need to be more focused, energized and successful in the domain of Operational Excellence/Lean.

Tours and Case study competition are always in demand and therefore we recommend you block your seats as soon as possible.
