Kaizen Institute Online

Kaizen Institute has come together with the below three organizations to create Kaizen Institute Online, a just launched Business Unit of Kaizen Institute:

• Millennium 360, provides management services and capital investment
• Quality Digest, a media company that covers the news, events, and current topics in industry for more than 30 years
• Rocketspots.tv, a two-time Emmy award winning video production company

As a Business Unit of Kaizen Institute, Kaizen Institute Online provides flexible and comprehensive video content focused on topics such as continuous improvement, 5S, Gemba walking, mistake-proofing, and much more.

Their video content presents a unique blended learning experience for clients in many industries and across the globe. They have the capacity to dub or subtitle their videos, to suit needs in any language. They are also capable of working closely with our Business Units globally to create customized video solutions for their clients.

Please join us in welcoming the team of Kaizen Institute Online, our new Business Unit within Kaizen Institute's Global Consulting Group, supporting and training organizations around the world, ensuring sustainable improvements and results for all of our clients.
